Mobilization – Employer's offers

Wear black

On Monday December 15, the Conseil du trésor's offers will be presented. We encourage you to **wear black** on that day which promises to be austere. Your union will also share the suggestion to members of other unions at your college .

Symbolic break

On Wednesday December 15, the Negotiating Committee of our federation (FPSES-CSQ) was asked to formally receive the employer's sectoral offers in the offices of the Comité patronal des collèges (CPNC) at 10:30 a.m. For the occasion, we invite you to take a break at the same time to express your support for the Negotiating team. A notice to this effect will be sent by the Union to all supervisory personnel.

Each action is important and so is your participation.

Your Negotiating Committee
