

DID YOU KNOW...

WITH RESPECT TO WORK SCHEDULES

The schedule of support staff is established at the beginning of each semester and must last for at least one semester. Your work schedule can be changed during the semester, but only with your agreement, except for employees who work in athletic centres. And **only the schedules of laboratory personnel can vary from one day to another.** (Clause 7-2.02)

For interpreters, work schedules become official on the 21st day of the semester. (Appendix 12, clause 7-2.05)

Other Information Capsules or Application Guides can be found on the FPSES website under the tab “**Guides d’interprétation**”. This will answer many of your questions.

Feel free to contact your local union for further information or to suggest new topics.
